COURSE CREDIT

AICA will grant course credit if the previous registered provider supply the following documentation.

1. documented procedures for the granting and recording of course credit
2. a record of the course credit to the student, which must be signed or otherwise accepted by the student, and place it on the student's file

If AICA grants the student course credit which leads to a shortening of the student's course, AICA will:

1. if the course credit is granted before the student visa grant, indicate the actual net course duration (as reduced by course credit) in the confirmation of enrolment issued for that student for that course.
2. if the course credit is granted after the student visa grant, report the change of course duration via PRISMS under section 9 of the ESOS Act.

AICA will inform all relevant government bodies if changes to course length are affected by the acceptance of course credit.
